

Anti-suit injunctions in Asia

Court proceedings in breach of agreements to arbitrate remain common in many parts of Asia. As a result, the anti-suit injunction is an important tool for commercial arbitration counsel. The panellists at this seminar will consider the legal and practical issues arising in relation to anti-suit injunctions in the region including the powers of courts, arbitral tribunals and emergency arbitrators.

Date: 25 June 2015

RSVP by 22 June
